

IMAGES

#asla latest diye imajlari indirme

#lokalinizdeki imajlar eski olabilir.

#yenilemeden docker container run imaj:latest dersiniz, o eski imaj calisir

#node imajini yenileyelim

docker image pull node

UPLOAD An Image To Docker Hub

#pull etmek icin login olmaniza gerek yok

#ama push etmek icin var

#docker hub'a login ol

docker login

#docker hub'taki imajinda

docker image ls

docker pull nginx

docker image tag nginx:latest eunvan/nginx-may:1.1

docker image ls

docker image push eunvan/nginx-may:1.1
